

Dog Rescue Needs Your Help
They Need A New Shelter
There's No Cost To You
All We Need Is Your Co-operation

Dear Pet & Home Owner,

I write to let you know that I have a pet and I appreciate the work being done by the team of people at Dogway Dog Rescue Society. A group that has helped approx. 800 abused and neglected dogs in the past 4 years.

I want to help them meet their goal to build a new dog rescue shelter in Silverdale B. C. A building that will be approx. 5000 square feet and house 30-50 dogs at the same time. They'll be busy and they will need our help.

As a Realtor I specialize in selling and managing properties at Prudential Sterling Realty. **We make the buying & selling process simple and easy for the owner.** As proof I can say our team of 6 realtors hear the same story from past customers and ongoing clients. We've sold thousands of homes—120 last year. People work with us because of our knowledge and expertise.

A property purchase usually requires financing. As a Mortgage Broker with VERICO Complete Mortgage Services I can provide a complete mortgage service at discount rates for any real estate need - refinancing, debt consolidation, or a purchase.

We need to help the Dogway Team build a shelter.

All we need is your co-operation. Allow me to make arrangements for your next real estate transaction. Or, to renew or provide new financing, and I'll make a donation in your name. Every transaction has a broker fee. Most are paid by the seller/ lender and part of it can be used to make a donation to the shelter fund for Dogway Rescue Society.

Each donation made on your behalf will be in your name.

Show your interest and support the cause. Let's build a new rescue shelter together.

Sincerely,

Bill Babcock
